

The below details the disablement of specific functionality of our tools, paper and manual processes as we begin the upgrade to our commercial cards program.

System functionality in the new CitiManager online tool customized for DOD and processing of all standard business requests will resume on **Monday 03/09/2020 at 9:00am EST**.

**Please note:** Core functions such as online applications and maintenance will no longer be available within CCMS and must be processed within CitiManager. It is important that all APCs attend training currently being provided in advance of the migration to ensure understanding of the how the new tools work for the migration.

Dates The Functions Listed Will Be Disabled	
Functions in the column below will be disabled on February 28, 2020 at 09:00pm EST	Functions in the column below will be disabled on March 5, 2020 at 04:00pm EST
